

StarEcon Demo

December 2.015

Basic Capacity Test

Access

We have prepared a real demo on one of our servers:

<http://www.reservamimesa.com/economato/es>

User: admin41
Password: admin31

In this demo you will find enough data to make the tests you want, for example, approximately 3000 articles, more than 165,000 purchase entries, 76500 transfer movements, plus 3M in consumption, ..., (from 31.12.2012 to 26.02.2016)

We ask that the tests you wish to carry out be as logical as possible, since it is not only you who will be accessing this demo, but also a number of other people who, like you, wish to evaluate our applications "live".

If the data you are testing is very large, please note that it may take a while for it to load on your computer. It is advisable to have a good Internet connection and not to spend excessive periods of time for greater agility.

Basic Capacity Test

Some basic rules

In all the TABLES that we can see in the different sections these basic rules are fulfilled.

Menú Principal / Ficheros maestros / Fichero de Artículos Suministros Usuario: admin

Código	Descripción	P.U.C.	Familia de Suministros	Modo	Contador
1100	Gasóleo Calefacción	0.98	Gasoleo	Decrecimiento	5000.00
5001	Kilos ropa Sabanas	0.65	Lavanderia	Unids.	0
8001	Suministro Agua 55	0.55	Suministro Agua	Crecimiento	31422
8002	Contador 324586	0.58	Suministro Agua	Crecimiento	13245

- ❖ Insert a new record
- ❖ Edit a record (Modify)
- ❖ Discharge (in some cases not deleted is marked in red and is not displayed)
- ❖ Font

i: insert / m: Edit / d, supr: delete

- ❖ by pressing "i" Insert a new record
- ❖ press "m" to edit a record (modify)
- ❖ press "d" delete, delete

- ❖ Copy the Table
- ❖ Convert to CSV
- ❖ Print as pdf
- ❖ Print

Basic Capacity Test

Some basic rules

Locate a specific record

Increase or Cancel columns of the report we have on the screen

The screenshot shows a software interface with a table of provider records. A menu is open over the table, allowing the user to select or deselect columns for display. The table has columns for Code, Name, CIF, Fiscal address, Fiscal city, Fiscal phone 1, Fiscal phone 2, Fiscal e-mail, Warehouse address, Warehouse zip, Warehouse city, Warehouse province, Warehouse phone, Warehouse fax, Warehouse e-mail, IBAN/SWIFT/BIC, Website, User, Password, Remarks 1, and Remarks 2. The menu is currently open, showing checkboxes for each column. The 'Code' column is checked, and the 'Name' column is also checked. The 'CIF' column is checked, and the 'E-mail' column is checked. The 'Fiscal address' column is checked, and the 'Fiscal zip' column is checked. The 'Fiscal city' column is checked, and the 'Fiscal province' column is checked. The 'Fiscal phone 1' column is checked, and the 'Fiscal phone 2' column is checked. The 'Fiscal e-mail' column is checked, and the 'Warehouse address' column is checked. The 'Warehouse zip' column is checked, and the 'Warehouse city' column is checked. The 'Warehouse province' column is checked, and the 'Warehouse phone' column is checked. The 'Warehouse fax' column is checked, and the 'Warehouse e-mail' column is checked. The 'IBAN/SWIFT/BIC' column is checked, and the 'Website' column is checked. The 'User' column is checked, and the 'Password' column is checked. The 'Remarks 1' column is checked, and the 'Remarks 2' column is checked.

Basic Capacity Test

Some basic rules

With INTRO, or TAB, you advance FIELD. With ESC or MAY+TAB, you go back to FIELD.
If you are in the first FIELD and press ESC, you go back to the previous option.

The screenshot shows the 'Inventory in specific date' screen. The breadcrumb trail at the top reads 'Main menu / Inventory Control / Inventory in specific date'. The user is 'adminc1'. The table displays inventory items with columns for Family, Article, Description, Units, and Amount. A search sidebar on the left includes filters for Department, Family, Article, and Date (16/01/2019). Two callouts provide navigation instructions: one points to a power icon in the top right corner with the text 'Salirse de la aplicación', and another points to the breadcrumb trail with the text 'If we click with the mouse directly on the upper sections we access directly to the options'.

Family	Article	Description	Units	Amount
Department - Dept. inexistente				
004	1140005	PLATANOS	-0,30	-0,38
Total Family 004				-0,38

Basic Capacity Test

Some basic rules

The screenshot shows a web application interface for 'Inventory Control / Inventory in specific date'. The interface includes a search bar, a filter panel on the left, a data table, and a pagination control at the bottom.

Annotations:

- Show-Hide Filters and Options:** Points to the filter panel on the left.
- Options and Filters:** Points to the filter panel on the left.
- Execute:** Points to the refresh button in the filter panel.
- Number of records per page:** Points to the dropdown menu showing '50'.
- Page number where you are:** Points to the '163' page number in the pagination control.
- Totales en la última página:** Points to the 'Total List' row in the table.

Table Data:

Family	Article	Description	Units	Amount
		Total Family 401	0,00	0,00
		Total	0,00	0,00
		Total List	101.650,97	115.975,44

Basic Capacity Test

A few examples

Try the following options, according to menus:

- ❖ **1.8. Powerful tool to know from a supplier which items we buy from them, or an item from which supplier we buy it.**
- ❖ **C. Importing delivery notes in digital format**
- ❖ **3.1. Entry of Goods. Easy and powerful**
- ❖ **3.4. Consult the purchases from 01.02.2016 to 29.02.2016 (3600 movements)**
- ❖ **4.2. Valued summary of warehouse movements (from 01.02.2016 to 29.02.2016) (9700 article/department totals)**
- ❖ **4.7. The above list is summarized.**
- ❖ **4.3. Consulting the history of an article. 2300011 - COCA COLA BOTELLIN from 01.01.2015 to 29.02.2016 all departments. (9800 movements)**
- ❖ **5.3 See Plates tab.**
- ❖ **6.1. Inventory at 15.02.2014 of all departments. (7400 movements)**
- ❖ **6.4. Inventory Adjustment.**
- ❖ **6.A. Inventory to be done "on the spot", with Smartphone with barcode reader**
