I want to start from scratch at the Warehouse

I want to start from scratch at the Warehouse
FAQS

Customer:

We need to set the warehouse stock to 0 from 06/01/2011. Could you inform us how to do it, please?
With the new company, not all the delivery notes and inventories have been entered up to the date indicated above, we're being cut off from our stocks

explanation:
The option .G.2. puts EVERYTHING to ZERO, keeping the MASTERS' data.

It is advisable that the utilities do not access anything but the administrators of the application

Main menu / Utilities / Warehouse Initialization	User: adminc1

This option carries out the complete initialization of the selected files. This way it will be possible to start from scratch.

- ☐ Purchases/movements/outputs
- ☐ Stocks
- ☐ Invoices
- ☐ Set to zero the Last Purch. Price and Avg. Purch. Price in the articles master file
