

# Scenario

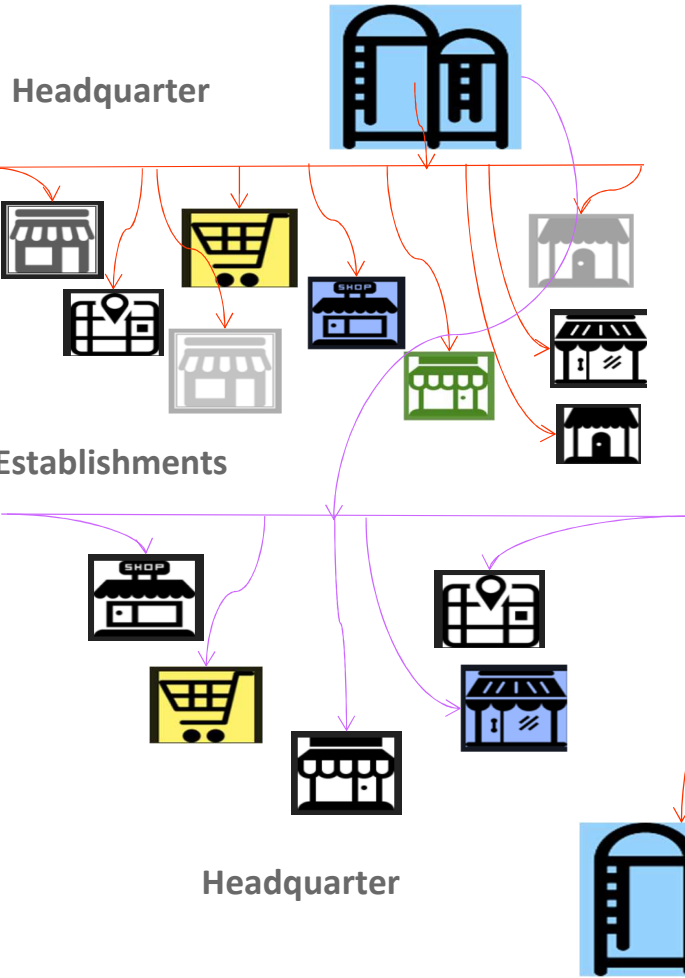

## Corporatism (Chains)

April 2018

# Corporatism - Chains

The objectives to be covered are:

That from Headquarter the data is updated daily in all the establishments of the chain and at the same time all the historical establishments are centralized in Headquarter, without any effort and automatically.

Headquarter is where we will have the Customer Base of all the Establishments (Loyalty - CRM).

Scheduled daily tasks from Central to the establishments:

- Update Prices by Areas/Regions
- Update products by Areas/Regions
- ...

Scheduled daily tasks from each of the Establishments to the Central Headquarter:

- Historical Daily Sales
- ....
