Halls Booking

SO - BEO

StarBEO, is characterized by a powerful treatment of halls planning, **Seven Stars** style, but particularized to unitary halls.

The screenshot shows the 'Halls booking' interface for the year 2020. On the left, there is a filter panel with fields for 'Date' (05/02/2020), 'Halls' (All), and 'Types' (All). Below these are 'Status' filters: All, Pending, Accepted, Budgeted, Attempted, Completed, and Failed. A 'Hall Closings' button is at the bottom of the filter panel. The main area displays a grid of 12 monthly calendars (January to December) for 2020. At the top right of the calendar grid are tabs for 'year', 'month', and 'day'. Red callout boxes provide the following information:

- The SO/BEO to be displayed can be filtered based on its status**: Points to the 'Status' filter panel.
- A filter can be applied for the SO/BEO types. The SO/BEO types will match those defined in the Master files**: Points to the 'Types' filter field.
- Month + tab Month**: Points to the 'month' tab.
- Month + tab Day**: Points to the 'day' tab.
- We can always obtain the dates to be displayed. If we have the Annual, we click on the Month + tab Month would give us the Month, and if we click on the Day - tab Day, gives us the day in particular**: A general note about the navigation tabs.
