How does Scanner Documents work in an arrival

How does Scanner Documents work

First of all we must have perfectly defined the scanner of documents in which IP and ports use. Seven Stars can have up to 5 different scanner

The screenshot shows a web application interface for configuring scanner settings. The breadcrumb navigation is "Main menu / Backoffice / B.8. Setup - Formats/Interfaces" and the user is "adminc1". The sidebar menu includes "Optional parameters", "Invoices", "Travelers report", "Police & Travelers", "Accommodation contract", "INE", "PBX", "Voxel", "Keycard", and "Scanner" (which is highlighted with a red box). The main area is titled "Onity-QuickIn" and contains a table with columns "IP" and "Port". The table has 6 rows, with the first row containing the IP "172.16.0.1" and Port "8000". A red box highlights the table and the "Scanner" menu item. Below the table is a "Timeout (s):" field with the value "20".

| | IP | Port |
|---|------------|------|
| 1 | 172.16.0.1 | 8000 |
| 2 | | |
| 3 | | |
| 4 | | |
| 5 | | |
| 6 | | |

Timeout (s): 20

How does Scanner Documents work

On having done the Check-in and touching the icon of the scanner, according to the scanner that we indicate him he will read us the information and will put them to us in the such card which we see in the low example, will take them for the card of police officer and for the cardex of the client

The screenshot shows a web-based interface for a hotel management system. The main window is titled 'Police rec. (1)'. It contains several input fields for document information:

- Doc. Id. / Passport: C734Y4
- Doc. type: [Dropdown]
- Date of issue: [Field]
- Last name: GRAH
- Name: KATHRIN
- Birth date: [Field]
- Sex: M - Male
- Country: DEU (Alemania)
- State: [Field]
- Address: [Field]
- Town: [Field]
- Zip: [Field]
- Province: [Field]
- Phone: Spain (+34) [Field]
- Client type: [Dropdown]
- Email: [Field]

At the bottom of the form, there is a dropdown menu labeled 'Scanner 1' and three icons: a scanner icon (highlighted with a red box), a green checkmark, and a red X. The background shows a sidebar with room data and a main area with reservation details.
